

Contents

1. Reflection at Plane and Spherical Surface	1-48
2. Refraction at a Plane Surface	49-106
3. Refraction at a Spherical Surface	107-166
4. Optical Instruments	167-177
5. Wave Optics	178-231
6. Diffraction and Polarisation	232-240
7. Photoelectric Effect	241-273
8. Atoms	274-312
9. X-Rays	313-328
10. Nuclei	329-352
11. Radioactivity	353-379
12. Semiconductors	380-412
